Permission to photocopy, fax or otherwise electronically transmit CD No. 1 and CD No. 2 and all its contents therein, in unexpurgated form, has been granted. Passages may be quoted within the limits of "fair use." Also, CD No. 1 and CD No. 2 are not for resale, but anyone may unlimitedly copy the CDs for sharing purposes. It is best to use Windows Vista or a later operating system to copy them, because when copied to the hard drive of computers that are using Windows XP or an earlier operating system, the titles of some of the writings become distorted. A duplicator would be more appropriate for the task.

Subject: RE: The Spirit of Jesus versus Christianity.-Essay S3

Thanks for sending me what your're putting up. It was interesting to read what I put up nearly 20 years ago. If the spirit of this essay takes hold of you, or should I say the spirit of the Man, you'll have an interesting ride, because you can't know where this spirit will lead you. You are now printing some of my better stuff - you will soon be into the meaning of the human spirit. You will soon see how this spirit gets rid of the gods of the vertical dimension, and this as the basis of getting rid of the vertical dimension in every area of human existence

PS I was going to get on you Yahoo site, but it proved too difficult for me to get on. I am not too good on computers. Bob Brinsmead
